

Student Health Insurance Information

Hudson County Community College is no longer required to provide health insurance to students. On July 5, Chris Christie signed into law a bill that repeals the requirement for all students at institutions of Higher Education in New Jersey to have health insurance. This change is the result of the federal Affordable Care Act and the New Student Health Insurance Bill. This will become effective for the Fall 2013 semester.

Students who wish to purchase health insurance are encouraged to visit the following two websites to learn about health insurance options:
